'THE FUTURE CAN BE WRITTEN'

Safety is the cheapest insurance policy

Why get a MapleWills Membership?

The original document that you have just signed and paid for is the only legally binding version of the Will. Scans, photocopies and computer records are not legally valid because they don't have your original signature on them. The original Will is your only Will and must be kept safely.

One place you should never keep an original Will is at home. If you have a fire, flood or burglary, you risk losing your Will. If your Will is damaged in any way, then the courts could declare the Will invalid.

You must keep your Will in a secure place; however that place must be easily accessible when the document is needed!

MapleWills Membership is a complete document storage solution that solves all of the problems of protecting important legal documents, for a small annual fee. Plus, it includes our After Care Services and Bereavement Services and Helpline.

THE LEGAL GROWTH
AWARDS

Entrepreneur of the Year
Winner 2023

Best Small Business
Winner 2024

Safety and security doesn't happen by accident

Your Will and any other relevant legal documents, such as powers of attorney, Will Trust and Lifetime Trusts, are kept in a waterproof wallet in a specialist document archive facility. While your documents are with MapleWills they are fully insured against loss or damage. If anything happens to your documents, they will be recreated and replaced for you, free of charge.

If your Will is lost or damaged after your death, or its loss or damage only comes to light after your death, then your Executors are insured (for up to £2million) to compensate your estate and its' beneficiaries for any losses they incur as a result of there being no legally valid Will.

You can access your documents at any time - free of charge. The documents can either be returned to your professional advisor or directly to you, using an insured delivery service. When your Executors need to access your Will, all they need to do is provide MapleWills with a death certificate and proof of their identity.

The location of your documents will be registered free of charge on the National Wills Register.
